# Trump's Legacy! The Legacy I See For This President Is One Of Confusion, Apathy, Deceit And Hate. He Has An " Off With Their Heads " Attitude For Anyone Who Doesn't Agree With His Self-Serving Agenda!

## TRUMP'S LEGACY

Donald Trump's idea of making America great again seems to be taking America back to the time when demonstrations, boycotts, marches and sit-ins were necessary to gain civil and equal rights for everyone.

The legacy I see for this President is one of confusion, apathy, deceit and hate. He has an "off with their heads" attitude for anyone who doesn't agree with his self-serving agenda. I also see the greatness in America with those Democrats, Republicans and everyday citizens who have stood and spoken out against things he has proposed that were not in the best interest of this country and its people. We must remember he is part of the 1%, not the 99% and his interests are for the few, not the many.

We have to stand together, especially to stop any hate group(s) causing oppression to any group(s) that fall into categories outlined in their manifesto.

***"Like an unchecked cancer, hate corrodes the personality and eats away its vital unity. Hate destroys a man's sense of values and his objectivity. It causes him to describe the beautiful as ugly and the ugly as beautiful and to confuse the true with the false and the false with the true. "***
