Contract Expiration – 11AM (Chicago Time) April 14, 2015

We WILL NOT WORK BEYOND THE EXPIRATION!

If CWA does call a strike and you are on a call with a customer ...please say the following:

"I am sorry the company has forced us on strike, I have to hang up, please call back."

VERY IMPORTANT...Locals **MUST NOT** tell their members to come back to the garage at noon; instead the company should be forced to commit to a plan.

For clarification, Locals should be proactively contacting their management teams telling them to give direction to technicians, in the event of a strike, what they should do with their trucks and company assets. We will not work beyond the expiration

I will be contacting VP Chapman and CS Straz first by phone…….they will be at 10 S. Canal. A general email will be sent to all members who have given me their email address

I have contacted (1) one person from 225 W. Randolph and 717 S. Wells and 85 E. Congress to walk our members out in the event CWA calls a strike at 11 am Chicago time……

Deb will be in the office tomorrow to answer questions

Liz will be in the office waiting for instructions from Washington…and then if we walk, will be on the picket lines with **YOU !!!!!**

In Unity There Is Strength:
